BLM Seeks Comments on Analysis of Wind River/Bighorn Basin District Oil and Gas Lease Parcels for August Sale

The Bureau of Land Management is seeking input on the analysis of the Wind River/Bighorn Basin District portion of the August 2017 competitive oil and gas lease sale. The District is comprised of the Cody, Lander and Worland field offices.

The draft environmental assessment analyzes a range of alternatives for the sale and is available for review online at http://bit.ly/2017_Lease_Sales. Comments will be accepted through Feb. 16, 2017.

Public comments are an important component of the National Environmental Policy Act process and help identify issues, concerns and mitigation opportunities not covered in the EA. Email comments to blm_wy_wrbbd_lease@blm.gov with "August 2017 Lease Parcels" in the subject line. Mail written comments to Rita Allen, BLM Wind River/Bighorn Basin District Office, 101 South 23rd Street, Worland, WY 82401.

The public comments and information submitted regarding this project including names, email addresses and street addresses of the respondents will be available for public review and disclosure at the district office during regular business hours (7:45 a.m. to 4:30 p.m.) weekdays, except holidays.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment – including your personal identifying information – may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so. All submissions from organizations or businesses, and from individual identifying themselves as representatives or officials of organizations or businesses, are made available for public inspection in their entirety.

For more information, please contact BLM Resource Advisor Rita Allen at 307-347-5100 or email blm_wy_wrbbd_lease@blm.gov.

The BLM manages more than 245 million acres of public land, the most of any Federal agency. This land, known as the National System of Public Lands, is primarily located in 12 Western states, including Alaska. The BLM also administers 700 million acres of sub-surface mineral estate throughout the nation. The BLM's mission is to manage and conserve the public lands for the use and enjoyment of present and future generations under our mandate of multiple-use and sustained yield. In Fiscal Year 2015, the BLM generated \$4.1 billion in receipts from activities occurring on public lands.
